DETAILED ACTION

Election/Restrictions

1. This application is in condition for allowance except for the presence of claims 5-13 and 17-25 to inventions non-elected with traverse. However, in the response to the election/restriction requirement filed on November 7, 2003, Mr. Gagnebin authorize the examiner to cancel the non-elected claims as necessary for the prosecution of the instant application. Accordingly, claims 5-13 and 17-25 have been cancelled.

Allowable Subject Matter

2. Claims 26-30 are allowed.

The following is an examiner's statement of reasons for allowance: The claims recite a prefabricate material for making hot-tensioned structures to from a false ceiling or a false wall. The material comprising one or more thin flexible sheets, each sheet being sized and configured to be retained in a respective frame in a tensioned state at an ambient temperature with direct printing of predeformed designs of shapes and dimensions taking account of differential lengthening of the printed material during hot-tensioning, wherein the predeformed designs will compensate for the distortion in the design caused by being hot-tensioned and ensuring a properly proportioned design is obtained on the printed material. Geist et al (3,964,910) discloses a method for printing distorted images. The method includes printing the sheet with the distorted image, which allows the distorted image to become the desired artwork image after being stretched into the desired shape after being deep drawn into the desired shape. (Col 1, lines 54-59 and Col 2, lines 38-60) Geist et al is silent as to the sheet material with the

distorted image capable of being used for hot-tensioning and for forming false ceiling. A search of the prior art of record did not disclose reference or references in combination with the recited feature.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
